01 — ABOUT

A dark and restless sound.

KRUZBERG is a musical project initiated by Greg Nacht — composer, singer and guitarist based in Lyon — alongside Lou Therig (guitar), Théo Arnaiz (bass) and Thomas Ayrinhac (drums).

Since 2025, the band has shaped a dark, tense sound at the crossroads of post-punk, cold wave and alternative. Moving between spoken-word delivery and soaring melodies, Greg follows a singular writing process: each track is born directly in pre-production, with effects and arrangements from the very first ideas, capturing its atmosphere and energy from the start.

This work then unfolds collectively, each musician bringing their own sensibility and intensity to the project's sound. Inspired by the contemporary British post-punk scene — IDLES, Fontaines D.C., The Murder Capital — Kruzberg explores a musical world that is raw, emotional and immersive.
